Walk! Bike! Fun! Training

Many communities and schools are joining in the movement for more walking and biking as a part of active transportation. To support this movement, the Bicycle Alliance of Minnesota (BikeMN) announces the new Minnesota Walk! Bike! Fun! Pedestrian and Bicycle Safety Curriculum.

Walk! Bike! Fun! is written to encourage more children to walk or bike to school and throughout the community by providing schools with tools to teach safe walking and biking. This curriculum is designed for physical education, health teachers and other

educators to use to engage students in a thoughtful, fun and interactive program to learn safety tips and skills that will last them a lifetime.

To preview the curriculum, visit www.walkbikefun.org.

About BikeMN

The mission of BikeMN is to provide leadership and a unified voice for bicycle education, advocacy and efforts to make Minnesowta more bicycle friendly so that more people will ride bicycles more often. Learn more at BikeMN.org.

Minnesota**

WALK! BIKE! FUN! is a comprehensive curriculum that teaches safe traffic behavior through classroom activities and on-the-bike skills practice. The goals of the extensive lesson plans teach skills to children to walk and bicycle safely – building confidence and helping them stay safe, active, and healthy.
